Summary

Results-driven Full Stack Developer with 2-4 years of experience specializing in Java, Spring Boot, Microservices, and React. Proven ability to develop robust full stack applications and implement scalable microservices architecture. Eager to leverage strong front-end and back-end development skills to contribute to innovative projects in a dynamic environment.

Skills

* **Programming Languages:** Java, JavaScript

* **Frameworks & Libraries:** Spring Boot, React, Node.js (Basic), RESTful APIs

* **Microservices:** Docker, Kubernetes (Basic understanding), API Gateway

* **Databases:** SQL (PostgreSQL, MySQL), NoSQL (MongoDB)

* **Tools & Technologies:** Git, Maven, Gradle, Jenkins, Jira, Postman

* **Methodologies:** Agile, Scrum

Work Experience

Full Stack Developer | Tech Solutions Pvt. Ltd., Pune, India

* *June 2022 – Present*

* Developed and maintained full stack applications using Java, Spring Boot, and React, enhancing user experience and system functionality.

* Implemented scalable microservices architecture, improving system modularity and reducing deployment time by 15%.

* Designed and built RESTful APIs with Spring Boot, ensuring seamless data communication between front-end and back-end services.

* Contributed to front-end development, specifically working with React to create interactive and responsive user interfaces, leading to a 20% improvement in load times.

* Collaborated with cross-functional teams using Agile methodologies to deliver high-quality software solutions within strict deadlines.

* Optimized database queries and integrated with PostgreSQL, enhancing application performance by 10% for critical modules.

Junior Software Engineer | Global Innovate Corp., Pune, India

* *July 2021 – May 2022*

* Assisted in the development of back-end services using Java and Spring Boot, supporting core application features.

* Gained foundational experience in microservices development, participating in the design and implementation of new service endpoints.

* Worked with front-end teams to integrate React components with back-end APIs, ensuring data consistency and functionality.

* Actively participated in code reviews and adopted best practices for software development and testing.

Education

Bachelor of Technology in Computer Science Engineering | Savitribai Phule Pune University, Pune, India

* *Graduated: May 2021*
